

I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand, deserve and pay for.

Sincerely,
K. McGuigan
